Japanisches A5+ ITO Wagyu Kagoshima Tenderloin (JP) – an overwhelming experience!

The real wagyu A5 experience. So tender it melts in your mouth, with a rich flavor that's deliciously different. Tajima cattle raised on small farms where they are cared for a part of the family and fed grass, rice straw and silage. The result is heavily marbled, extremely tender meat. This exquisite meat has a mild texture and a rich, sweet flavor. The fat contains a high proportion of unsaturated fatty acids, which enhance the taste.
